SCIENCE INDUSTRY AND SOCIETY EBOOKS 2019

Author: Stephen and Steven Cotgrove u0026 Box

Realese Date: Lanzamiento previsto: @@expectedReleaseDate@@

Originally published in 1970. Two major changes have characterised science in the twentieth century. Firstly, there has been its rapid growth. Secondly, and central to the theme his book – science is no longer mainly an academic activity carried on in universities. Industry will soon be the largest employer of scientists. This book deals with issues of bureaucracy in science threatening its creativity and the failure of industry to recruit the best graduates, as well as what attracts people to study science.
