Ever wonder if there could be a way to end crime and war forever, or the prospects for immortality, or a better educational system, or the reality of extraterrestrial intelligence, or the future of religion? If all the above can be satisfactorily resolved, then, just in case there is no afterlife, where is the best place to live on Earth today?

Simple solutions, of course, are hardly that. How to end crime? What about three strikes and you're dead! Sure, this should work, but it's not morally rational. The solution to war is incredibly simple. Just read the book and find out how.

Scientists are getting very close to determining a way to disarm our aging gene. When will this happen?
