## SMART TECHNIQUES FOR A SMARTER PLANET EBOOKS 2019

Author: Manoj Kumar Mishra, Bhabani Shankar Prasad Mishra, Yashwant Singh Patel u0026 Rajiv Misra

Realese Date: ;Lanzamiento previsto: @@expectedReleaseDate@@

This book is intended to provide a systematic overview of so-called smart techniques, such as nature-inspired algorithms, machine learning and metaheuristics. Despite their ubiquitous presence and widespread application to different scientific problems, such as searching, optimization and /or classification, a systematic study is missing in the current literature. Here, the editors collected a set of chapters on key topics, paying attention to provide an equal balance of theory and practice, and to outline similarities between the different techniques and applications. All in all, the book provides an unified view on the field on intelligent methods, with their current perspective and future challenges.u0026#xa0
