## VICTORIAN FAIRY TALES EBOOKS 2019

Author: Michael Newton

Release Date: Lanzamiento previsto: @@expectedReleaseDate@@

The Victorian fascination with fairyland is reflected in the literature of the period, which includes some of the most imaginative fairy tales ever written. They offer the shortest path to the age's dreams, desires, and wishes. Authors central to the nineteenth-century canon such as Thackeray, Oscar Wilde, Ford Madox Ford, and Rudyard Kipling wrote fairy tales, and authors primarily famous for their work in the genre include George MacDonald, Juliana Ewing, Mary De Morgan, and Andrew Lang. This anthology brings together fourteen of the best stories, by these and other outstanding practitioners, to show the vibrancy and variety of the form and its ability to reflect our deepest concerns.

The stories in this selection range from pure whimsy and romance to witty satire and darker, uncanny mystery. Paradox proves central to a form offered equally to children and adults. Fairyland is a dynamic and beguiling place, one that permits the most striking explorations of gender, suffering, love, family, and the travails of identity. Michael Newton's introduction and notes explore the literary marketplace in which these tales appeared, as well as the role they played in contemporary debates on scepticism and belief. The book also includes a selection of original illustrations by some of the masters of the field such as Richard Doyle, Arthur Hughes, and Walter Crane.

The most popular ebook you must read is Victorian Fairy Tales Ebooks 2019. You can Free download it to your laptop with light steps. VOICEOFMERCY.COM in easy step and you can Download Now it now.
